

Hi, Monica:

As we discussed, Sudhir Burgaard, of your office, also requested the documents that you requested (which are noted below). We previously sent the 2001 and the 1995 report to Ms. Burgaard. The 1993 document must be retrieved from the Federal Archive; it has been requested, but will take a few more weeks to procure.

As I understand, you will accept this as response to your FOIA request, and that your request may now be closed out. We will send the 1993 document pursuant to Ms. Burgaard's request, as soon as we obtain it.

Please respond with your approval to close out your request.

Also, please feel free to contact me directly if you have any additional requests in the future.

Regards,
Kelly Manheimer
